## PROFESSIONAL SUMMARY

Results-driven and adaptable Software Engineer with hands-on experience in developing, troubleshooting, and optimizing technology solutions. Skilled in both software and hardware environments, with a focus on creating user-centered, secure, and scalable systems. Recognized for analytical thinking, creative problem-solving, and the ability to align technology with organizational goals. Passionate about innovation, continuous learning, and contributing to modern digital transformation initiatives.

## TECHNICAL SKILLS

Programming:	Python, Java, C#, JavaScript, HTML5, CSS
Databases:	PostgreSQL, MySQL, MS Access
Tools & Platforms:	GitHub, Visual Studio, NetBeans, Eclipse
Office Tools:	Microsoft Word, Excel, PowerPoint
Additional:	Networking Fundamentals, System Troubleshooting, Software Installation, Numerical Analysis

## TECHNICAL PROJECTS

### CampusLearn Application (Full-Stack Project) – Belgium Campus ITversity

- Designed and developed a web-based learning management platform integrating frontend, backend, and database systems.
- Implemented secure login authentication, feedback management, and counselor-student integration modules.
- Collaborated using GitHub for version control and Agile methodologies for project management.

### Personal GitHub Projects

- Built and deployed small-scale applications using Python, Java, and C#.
- Contributed to open-source repositories demonstrating problem-solving and clean code practices.

## EDUCATION

### Belgium Campus ITversity

Bachelor of Computing in Information Technology (BCom IT)

2023 – Present (3rd Year)

### **Vaalpark Articon High School**

National Senior Certificate

2016 – 2021

### **SOFT SKILLS**

Analytical and detail-oriented

Strong communication and teamwork abilities

Punctual, reliable, and proactive

Creative thinker and fast learner

Adaptable to new technologies and environments

### **CAREER OBJECTIVE**

To grow as a professional in the field of Software Engineering by leveraging my technical knowledge, analytical skills, and innovative mindset to develop impactful digital solutions. I aim to contribute to forward-thinking organizations that value technology-driven growth and continuous improvement.
